### DataMirror and IBM Mexico Sign Reseller Agreement

*IBM México to Market, Implement and Service DataMirror Products in México*

**TORONTO, CANADA – (May 1, 2002) —DataMirror** (Nasdaq: DMCX; TSE: DMC), the leading provider of enterprise application integration and resiliency solutions and an IBM business partner, today announced an agreement under which IBM México, a subsidiary of IBM, will market and support DataMirror LiveBusiness™ products in México.

The agreement, effective immediately, will strengthen DataMirror's ability to reach customers in this important Latin American market. IBM Business Continuity & Recovery Services, a division of IBM Global Services, has begun the process of training and certifying consultants to support the implementation of DataMirror *iCluster*, *High Availability Suite* and *Transformation Server* software throughout the region.

"DataMirror's relationship with IBM México demonstrates our ongoing commitment to deliver the most advanced solutions and the highest quality of service to our customers in Latin America," said Stewart Ritchie, Vice President, Sales Americas, DataMirror. "IBM México's broad network of sales and technical professionals will help DataMirror sell and service its LiveIntegration™ and LiveResiliency™ solutions to customers in this untapped region."

"DataMirror has a strong international reputation for delivering innovative software products that help companies manage their enterprise data," said Rose Sámano, BCRS Segment Executive, Integrated Technology Services Latin America, IBM Global Services. "The combination of DataMirror's integration and resiliency solutions and IBM's extensive consulting and technical resources opens up new opportunities for both companies in addressing high-growth areas such as enterprise application integration, e-Business and business intelligence. IBM looks forward to working closely with DataMirror to solve the infrastructure challenges of companies in México."
